

**TLS**

**TLS**

#### PERFORMANCE

This model is designed for excellent controllability and performance board fit.

#### ALTERNATIVE

This model matches surfers who prefer innovative style.

#### SPECIALITY

Models designed to fit FISH, LONG, SUP and other boards.

ECO PACKAGE

Environmentally friendly paper packaging without plastic.

### KICK

Air Contact

The two-stage kick allows for vertical board control and high airs.

Square Kick

Square shaped kick with an edge. Allows for firm push and sharp board control.

Grasp Kick

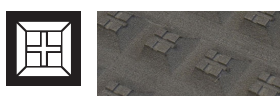

A completely new concept in kicks. Excellent holding power and power transfer to the board.

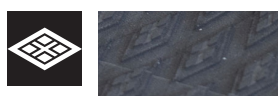

Fun/Long Kick

TLS original kick for FUN/LONG. The long, smooth kick section transfers power to the tail of the board as you step on it.

BLACK

An additional 4-piece pad to compensate for the length of the tail pad.

YUMA NAGASAWA

# LEASH

## JOINT

Strong solid construction tested on pipelines and slim TLS original joints to minimize water resistance.

## STRAP OUTER

Made of strong and waterproof material. By preventing water absorption, the strap does not become heavy while surfing.

## SILICON PRINT INNER

Anti-slip silicone inner cuff. The cushion part is also thicker to reduce stress when surfing.

## 5cm WIDE CUFF

TLS original theory has led to the adoption of a cuff that is thicker than the standard cuff. While wide, it does not cause discomfort and greatly reduces the burden on the ankle.

## EXTRA LOCK

Two types of Velcro are used to keep the straps strongly in place.

## RAIL SAVER

Rail saver modified to be thinner to reduce drag when riding. Comes with production date tag.

## ECO PACKAGE

## ECO PACKAGE

Environmentally friendly paper packaging without plastic.

## UNIQUE KNEE LEASH CUFF

The TLS knee leash is an original design that prevents the back of the knee from chafing during knee paddles. Wrapped in the opposite direction of a normal leash, it minimizes interference with extra parts and extends the life of the wetsuit.

## FOR FISH TAIL

Extended rail saver for fishtail. Reduces problems with joints interfering with the board.

サーフィンで利用できるインナー。分離型メンズアンダーパンツ。コットン素材のため、サーフのインナーに適しません。

## BEACH SANDAL

¥1,800 +tax

The arch is designed to fit the sole of the foot for an improved fit. The sole on the ground side is made of abrasion-resistant TPR material. The original design with uneven surfaces prevents slipping even in the rain. The sole is approximately 17mm thick (3-layer construction).

The multi-layered sandal is made of TPR (thermoplastic elastomer) + EVA + rubber, which combines durability and functionality.

TPR + EVA rubber on the foot side: smooth to the touch without sacrificing slip resistance and abrasion resistance.

Intermediate layer of EVA: Increases cushioning and reduces stress on the feet and knees.

\*TPR on the ground side: High strength, moderately lightweight, and smooth walking comfort.

CLEAR

## DRY FLOATER BAG

¥4,200 +tax

This basic shoulder pack from TLS boasts outstanding waterproof performance. Tarpaulin, the surface material used for waterproof bags, is made by welding polyester fibers between synthetic resin films. It is used for tents, outdoor advertising banners, construction sites, etc., and is water-resistant, tear-resistant, and friction-resistant even under severe conditions. It is easy to wipe off even a small amount of dirt, making it easy to care for and can be used both in the field and in town.

25L

## WATERPROOF TOTE 5 POCKETS

¥5,800 +tax

Waterproof and lightweight.  
Seamless finish.  
Can be carried by hand or over the shoulder.  
Opening strap.  
Five pockets.  
The bottom gusset is wide and the fabric is firm enough to stand up on its own.  
Washable in cold water even if it gets sand on it.  
The wide opening can be used like a bucket.  
Large size for storing wetsuits, towels, etc. together.  
Charcoal (dark gray) color.

Only one sewing machine in Japan is used to make these gloves.  
Completely handmade by craftsmen.

XXXS,XXS,XS,S,M,L,XL  
made in japan.

## FASTEN STRAP (WRIST)

¥800 +tax

Strap to be worn over wetsuits and surf gloves.  
Greatly improves waterproof (water stopping) performance.

Set of two straps for wrists.

When wearing surf boots, these straps are attached to the ankle on the opposite side of the leash cord to prevent water from entering. This strap improves warmth and mobility by increasing the degree of contact between the wetsuit and the boots.

Set of two for wrists.

## FASTEN STRAP WIDE (ANKLE)

¥600 +tax

The strap is worn over a wetsuit and surf gloves.

Wider, more waterproof (water stopping) performance!

One pack of ankle straps.

Eco-friendly package.

Also used as a hem band for bicycles.

When wearing surf boots, attach to the ankle on the opposite side of the leash cord to prevent water from entering. This strap improves heat retention and mobility by increasing the degree of adhesion between the wetsuit and the boots.

Width 3 cm x Length 40.5 cm

## AUTOMATIC FASTEN STRAP (WRIST)

¥1,200 +tax

Strap to be worn over wetsuits and surf gloves.

Waterproof (watertight) performance has been greatly improved.

Highly elastic neoprene material is placed in the middle of the strap.

Wide width for high durability.

Set of two wrist straps.

Width 3.1cm x Length 32cm

## AUTOMATIC FASTEN STRAP (ANKLE)

¥900 +tax

Strap to be worn over wetsuits and surf gloves.

Waterproof (watertight) performance has been greatly improved.  
Durable and wide.

One pack of ankle straps.

Also used as a hem band for bicycles.

When wearing surf boots, attach to the ankle on the opposite side of the leash cord to prevent water from entering. This strap improves warmth and mobility by increasing the degree of adhesion between the wetsuit and the boots.

Width 3.8 cm x Length 32.5 cm

## NECK WARMER

¥3,600 +tax

Lined with warm, brushed fabric.

S : Neck circumference 47cm x height 12cm- 8cm

M : Neck circumference 50cm x height 12cm- 8cm

L : Neck circumference 52cm x x height 13.5cm- 10cm

## POUR STOP ANKLE

¥2,000 +tax

By covering the top of your surfing boots.

It prevents water from entering and dramatically improves cold protection and water stopping ability.

Ankle circumference 18cm - 21cm: Size S - for women in general.

Ankle circumference 21cm - 23cm: Size M - slim men

Ankle circumference 23cm - 25cm: Size L - Regular men

## KIDNEY BELT w/ MAGIC HEATER

¥5,200 +tax

MAGIC HEATER

¥800 +tax

The main body material is lined with a heat-retaining inner layer. Combined with the Magic Heater, it is even warmer.

Can be worn up to a maximum waist length of approximately 90cm.

Kidney belt (waist supporter) x 1

Magic Heater (eco-friendly warmer that can be used over and over again) x 1

## Berri / TLS 2-WAY SWIM & INNER BOAT NECK

¥26,000 +tax

Women's wetsuit innerwear that has both elasticity to follow marine sports and high heat retention. It can also be used as a swimsuit, so it can be used throughout the year. Made of "HOT CAPSULE" domestic fabric.

Size S: Length 63.5 cm (flat)  
Body width 33cm  
Approximate height 152-160cm  
Size M: Length 66cm (flat)  
Body width 34cm  
Approximate height 157-165cm

## NEOPRENE JACKET

¥18,000 +tax

This is a winter coat made of the same material as a wetsuit. Jersey lining makes it easy to put on and take off. Neoprene outer fabric for wind and cold protection. One front zippered pocket (chest). 2 side zippered pockets. Two side zippered pockets. TLS original logo Men's and women's version. Hood. Above-the-knee length, easy to move around in, ideal for bicycles and motorcycles. Neoprene fabric thickness: approx. 3mm.

S: Body width 52cm / Length 83cm  
M: Body width 54cm / Length 85cm  
L: Body width 56cm / Length 87cm  
XL: Body width 60cm / Length 89cm

## HEAT PANTS

¥8,900 +tax

Inner pants designed for heat retention and mobility. Jersey fabric + 2mm thick skin material. Stretchable design to fit the body. Prevents waist and stomach from getting cold during winter surfing.

S: Total length 49cm / Waist 64~66cm / Inseam 17cm  
M: Total length 51cm / Waist 67~68cm / Inseam 18cm  
ML: Total length 53cm / Waist 69~71cm / Inseam 19cm  
L: Total length 55cm / Waist 72~76cm / Inseam 20cm  
XL: Total length 57cm / Waist 78~82cm / Inseam 21cm
